## Objective

To obtain a challenging position as a Master Carpenter or Lead Set Builder where my skills and experience in carpentry and leadership can be utilized to meet the goals of the organization.

---

## Skills

Highly skilled and experienced carpenter with over 20 years of experience in the construction industry. Strong leadership and project management skills with a proven track record of delivering projects on time and within budget. Expertise in all aspects of carpentry, including rough and finish carpentry, cabinet making, and furniture building.

Experienced Lead Set Builder with over 8 years of experience in creating sets for photoshoots. Proven track record in leading teams and managing projects from conception to completion while maintaining the highest standards of quality and safety. Excellent communication and collaboration skills, able to work effectively with artists, designers, technicians, and other members of the production team.
